Site Plans with City Approval are needed Prior to getting a Building Permit and site Plans are also required for small accessory structures that do not require a Building Permit

1. Site plans must be readable and to scale. The scale should be noted on the plan drawing. A directional arrow pointing north. The property owner's name, address, phone number and builders information.
2. Basic site plans may be drawn by the applicant or applicant's representative. Site plans submitted for comprehensive development projects, such as planned unit developments and subdivisions, may require the seal of a professional architect, landscape architect or engineer.
3. Basic site plans must show:
 - a. Lot dimensions
 - b. Building dimensions (this includes all buildings, decks, accessory buildings, etc.)
 - c. Building heights, elevation drawing or graphic showing the front and sides
 - d. Setbacks from front, side and rear lot lines
 - e. Existing and proposed easements (type of easement and dimensions)Where applicable, plans must also show:
 - f. Fence type, location and height
 - g. Accessory structures and sheds over 144 square feet and or over 14 feet in height require a building permit. Electrical permits are required even when building permits are not.
 - h. Driveways and parking areas (locations, dimensions and setbacks from property lines)
 - i. Existing and planned greenbelts and buffers
 - j. Signs (locations, sizes and setbacks from property lines)
 - k. Water and sanitary sewer lines (type and locations)
 - l. Additional information as required by the Cadillac Zoning Ordinance. In all cases, plans must contain the information needed to make a determination of determination of compliance with the Cadillac Zoning Ordinance. If you are uncertain of your zoning classification and setback requirements we will gladly provide this information.
5. A survey prepared by a Professional Surveyor licensed in the State of Michigan may be required in cases where lot lines, required setbacks, shoreline locations, easements, proposed fence locations and other features or information are not discernible or are imprecise. The Zoning Administrator may make a determination of compliance with the Cadillac Zoning Ordinance.
6. Plans must be signed and dated. Two copies of a site plan are required.

Processing Time - The normal processing time for site plans is one (1) to two (2) business days. The processing time for plans requiring review by the Planning Commission or Zoning Board of Appeals is commensurate with the monthly meeting schedules of the Commission and Board. Contact the Community Development Department at 231-775-0181 Extension 102 (Mike Coy) or 101 (John Wallace) with any questions you may have.
